

COOKIE POLICY

In order to facilitate the usage of www.meliorlaser.hu website we use small data files, so called cookies.

What is a cookie?

A cookie is a small text file which is downloaded by the website's server to your computer or mobile device when you visit the site. We use cookies to obtain more information for the usage of our website thus to make it easier for you to move on the site. Also the cookies enable the analysis of the website usage.

Cookies allow the website to store certain information related to your use of the website. When you revisit the website the web browser returns the cookies back so that the website can recognise you and can remember your settings such as login, language, font and others. Thus they do not need to be set again when you visit the site again. By using this website you consent to the usage of cookies. However, the cookies used by us do not store any personal information, respectively do not collect personally identifiable information.

What sort of cookies we use?

The pages of our website use cookies to remember the following:

- your display setting, such as font and colour settings
- the chosen language
- if you have already agreed (or not) to the cookie usage on this site

What to do if you do not want cookies?

By using this website you agree that we place cookies on your computer or mobile device. However, you can control or delete cookies. For further information please visit the <http://www.aboutcookies.org/> website.

If you do not wish to receive cookies, please configure your browser to erase or block cookies from your hard drive or to send a warning sign before storing them.

You can delete all cookies on your computer, but please take into consideration that removing or disabling cookies can affect user experience. You may need to do the different settings manually every time whenever you visit the website as all the user settings are lost or some services and functions may not be available.

Melior Laser website uses the webanalysis service of Google Inc. („Google”), Google Analytics. Google Analytics uses cookies too. The information generated by the cookies (including your anonymised IP address) Google transmits to its own servers and stores them there.

Google will use this information to evaluate the usage of our website and to prepare reports on the activities on the website and to provide other services related to the website and internet usage for the website operators. Google may transmit these data to third party if required by law.
